ROSTER IS COMPLETED

CORNWELLS HEIGHTS, June 24.—

Erection of a fence around the plot of ground located at the east entrance to Bensalem Township high school, is completed. This fence is two feet in height and extends from the building to the road and thence to Bristol Pike.

This fence was erected in order to prevent automobiles from running on the lawn during baseball games which take place on the field opposite the school.

The janitors are busily engaged in

cleaning the entire school. They have made every room look spick and span

and prepared to greet the students on

their return in September. They have brought the books and desks from several small grammar schools in Ben-salem Township to the high school

building, due to the fact that the small structures are no longer used as school houses.

HOLD CONFERENCES ON QUESTION OF LANGHORNE SPAN

Residents of Boroughs, R. R. Representatives, Commissioners Meet

AGAINST DEMOLITION

Closing of Structure Leaves One Link, Crossing The Tracks at Grade

Residents of Langhorne, South Langhorne, Langhorne Manor borough, and the county commissioners are today conferring in the Bucks County courts at Doylestown, regarding the proposed demolition of the old trolley bridge which crossed the tracks of the Reading Railroad, linking Langhorne Manor and South Langhorne. Representatives of the Reading Company are also at today's court session, taking up from all angles the proposal that has been the subject of much controversy for the past few months.

The bridge was closed to traffic two months ago, leaving just a thoroughfare that crosses the railroad tracks at grade as the connecting link between South Langhorne, and Langhorne Manor.

In various previous controversies representatives of the three boroughs told of the inconvenience caused by the closing of the span to the public. They have likewise stated that much delay is caused to autoists when the grade crossing is blocked by trains for a length of time.

The groups are today conferring in an effort to reach agreement on repair or replacement of the structure, which in its present condition has been called a menace to traffic.

Councils of the two boroughs have threatened legal proceedings to block demolition of the bridge, and have asked for a conference to fix responsibility for the structure's maintenance. It is the hope of citizens that the bridge will be repaired and strengthened. The railroad company, which closed the span, has agreed not to carry out its original plan to demolish the bridge, pending outcome of today's discussion.

VINDICATION

The higher education has vindicated itself. It has proved itself worthy of its salt, at least, in the eyes of the vacation widower. Universities may waste a lot of time and expend much thought in useless philosophical and scientific pursuits, but there is a certain group of laymen that is now ready to concede that with all their faults the institutions of higher learning serve a useful, almost indispensable, purpose in modern, every-day life.

Scientists at the University of Chicago brought about this redemp-tion in the eyes of this class of mis-understood men. They accomplished it by delving into the scientific fundamentals of the prosaic but necessary ritual of dishwashing.

What they found was that three dish-washings a day expends the effort represented by 1954 separate motions and consumes 38 minutes and eight seconds. Startling as those disclosures were, the following is more so. The scientists discovered that by leaving the day's dishes accumulate until after the evening meal the housewife would save herself hundreds of motions and 15 minutes of her time.

These scientific calculations may not end the annual family argument that starts when the wife returns from her vacation to find a week's accumulation of dirty dishes in the sink, but it provides erring hubby with some new rebuttal and improves his morale. Citing the testimony of experts relieves the conscience if it doesn't convince the wife.

All the husbands on kitchen-police duty now need to clinch the victory for their side is a treatise on the aesthetic value of a stack of un-washed dishes.

SOLVING OIL PROBLEM

Gradually the United States is arriving at a solution to the problem which has meant alternating high and low prices for petroleum products and wasteful production and ruinous competition in the oil industry. There is every reason to believe that the solution will come before the country's fast dwindling oil reserves have been exhausted, which would place the American people at the mercy of foreign monopolies.

Stuart Chase recently announced a plan for a peace industries board with the power to regulate production of oil. A few days later the oil survey committee headed by Mark L. Requa, general director of the oil division of the United States fuel administration during the war, made its report. Its plan is in accord in substance with that of Mr. Chase and others.

The Requa committee discovered wasteful competition, over-production, trade abuses and general disorder in the oil industry. It finds that there is need for some reasonable combination in restraint of trade, and that the anti-trust laws should be amended so that restraints which are for the public benefit might be legalized under proper government supervision.

After all, the greatest interest in ghosts is in whether it is going to walk.

STATE NEWS

LANCASTER.—A horse and wagon is no fair exchange for an automobile, particularly when the car owner is unaware of the "swap," Almon B. Reinhart decided.

So he caused the arrest of Alfred Dietrich and Oliver Schable on charges of larceny, claiming they drove off in his car while it was parked on a farm lane near here, leaving in its place a horse and cart.

STATE COLLEGE.—Wild animals no longer clutter up the mountain slate in which the Penn State nature camp is located, caretakers reported to G. R. Green, director of the camp. Frequency of visitors, it was said, has driven virtually all game from the vicinity.

SPORTS**KOHLER'S WINNING STREAK IS BROKEN**

Schedule For Tonight
INDEPENDENTS vs. HARRIMAN

EMILIE, June 25.—Joe Kohler's winning streak of seven consecutive games was shattered here last night as the Emilie Y. M. A. nine defeated Harriman F. C. by the score of 7-3.

Kohler had pitched seven contests for the Harriman team and had won every one to give the Sixth Ward Club the first half championship. Harriman had lost a game earlier in the season but Brooks was the losing hurler.

The fray marked the closing of the first half and the second half will begin tonight with the Independents playing Harriman.

"Ike" Watson served them for the home club and allowed the visitors but five hits and did not issue a pass. With better support he may have blanked the first half champions.

Kohler blew up in the sixth frame and was pounded for four runs by the Emilieites. Ashby, first batter, singled to center; T. Prael's second hit was a single to right, Ashby going to third; Cochrane bunted and Ashby scored; Cochrane reaching first safely; Still fanned; Hibbs socked a double to left, counting Prael and Cochrane; Rockhill singled to left and Hibbs scored; Watson and Bruce flied out.

The home team's only similar victory was registered by Mrs. Arthur Ritchie, who beat Mrs. Theodore Tolish, of Trenton, on all three counts. She urged women to see to it that at least one woman was on every school board who would be most vigilant for keeping the spiritual standards of the schools high. She spoke of an atheistic movement which is trying to worm its way into the public schools, which W. C. T. U. people should try to counteract as well as to teach against alcohol and narcotics. The speaker told many interesting experiences in her field work.

Serving Mr. Simpson as best man was Mr. Joseph Tingle, of Rhode Island.

Following the ceremony, a reception was held at the home of the bride, which 50 guests attended. Late in the afternoon the bride and groom left via motor for Central Airport, Camden, where they boarded an airplane and flew to Washington, D. C., to spend a week sightseeing. Mrs. Simpson was attired in a blue and white suit, blue hat and bag, white gloves and eggshell slippers and stockings, when she left for the honeymoon trip. Upon their return the happy couple will reside in a newly furnished apartment at the home of Mr. Simpson's mother, 622 Pond street.

U. OF P. ATHLETIC TEAMS POINT TO BANNER 1931 VICTORY RECORD

PHILADELPHIA, June 25—(INS)—The University of Pennsylvania is proud of its athletic record for the year 1930-31, just closed. According to the annual report of H. Jamison Swarts, acting Graduate Manager of Athletics, it was one of the most successful ever enjoyed by the University's sports teams.

Not only did the athletes representing Pennsylvania win a majority of their contests with other institutions, but they captured two championships and tied for two other titles, Swarts says.

The baseball team won the Eastern Intercollegiate League championship with eight victories and one defeat, and the track team won the Indoor Intercollegiate championship with 38 1-10 points. The soccer team tied with Harvard and Yale with seven victories and one reverse, and the water polo team tied Dartmouth and Navy with the same figure.

During the year Pennsylvania engaged in 151 contests with 49 universities and colleges. A total of eighty-eight contests were won and sixty-three lost. This percentage is slightly better than the average of 1929-30.

Ten of the fourteen sports won a majority of their contests as contrasted with last year's record when only six sports succeeded in showing a winning percentage.

The track team proved one of the outstanding of the year, the report continues. It won the indoor championship and also won three titles in the annual Relay Carnival, had two relay teams that established new world's indoor records in the mile and distance medley, defeated Yale and Cornell in dual meets and finished first among the Eastern colleges in the outdoor I. C. 4-A games.

The baseball team had an unusually successful season, winning seventeen of its twenty-three contests, the record shows. Harvard, twice; Hosei, Princeton, North Carolina and New York University were the only teams to defeat Captain Carlsten and his teammates.

The basketball team which prior to last year won the championship twice and finished well up with the leaders in the past five years, was the only team that did not keep up its past standard. The courtmen, as a result of the loss of three brilliant players by ineligibility, won only nine of its twenty-six games.

The football, soccer, track, swimming, water polo, baseball, fencing, lacrosse, tennis, and golf teams all won more contests than they lost, while basketball, rowing, boxing and wrestling lost more than they won.

The complete record of the teams follows: Football, won 5 and lost 4; soccer, won 10 and lost 2; basketball, won 9 and lost 17; rowing, won none and lost 3; track, won 2 and lost 0; swimming, won 5 and lost 4; water polo, won 7 and lost 2; baseball, won 17 and lost 6; boxing, won none and lost 5; wrestling, won 2 and lost 6; fencing, won 7 and lost 3; lacrosse, won 7 and lost 3; tennis, won 7 and lost 5; golf, won 10 and lost 3.
